### HASKELL WILL PUT ON LID

Oklahoma City Nov. 26—Governor Haskell was the principal speaker at a statehood and prohibition jubilee here last night. Nearly 4,000 persons attended. In the course of an address lasting twenty minutes he said that his position in favor of a prohibition for the state was generally known and that he was not elected to office under any false pretenses. He spoke of his reasons for favoring prohibition and said: "You have elected a man who will enforce the prohibitory law in this state."

His statement was greeted by applause. He urged the molding of public sentiment in favor of the enforcement of the law. He praised the county officials of the state for their work in keeping the "lid" on. The Rev. W. H. Burch, who introduced the governor, read a letter prepared and signed by members of the Oklahoma City ministerial union congratulating Governor Haskell and assuring him of their support in his work of enforcing the law.

Dr. Griffith advises his friends to see Kerry Gow at the Auditorium Monday night. He says he saw it played 12 years ago, and it is a good one.

J. R. Brawbaker, formerly with the Katy has succeeded Frank Beurlot at the Frisco as night man. Mr. Beurlot goes to Tulsa to take a position there.

### TEDDY IS ACCUSED

#### OF ANARCHY

New York, Nov. 26—"President Roosevelt and the United States government are fostering anarchy," was the startling announcement made by Rev. Dr. Mutchler at the annual meeting of the International Sabbath alliance of which he is president. "Briefs have been prepared and sent to Washington and next week President Roosevelt and Secretary McCall will have to put themselves on record."

The denunciation of President Roosevelt and the government is based on the fact that sailors at League Island navy yard near Philadelphia were allowed to play base ball on Sunday in spite of the protests of the Alliance.

#### Care of Poor Persons.

Mayor Parks appeared before the Board of County Commissioners, this morning on behalf of the city of Vinita and petitioned them to make temporary quarters for poor persons until a poor farm and asylum could be provided. The law was cited showing that there was a board of overseers for the poor who had the authority to provide a temporary asylum. The Commissioners promised the mayor that they would make provisions for the poor at once.
